Supplementary, backup, maintenance, and/or interruptible power shall be provided, upon written request from the customer, under the rate schedule applicable for that class customer. Customer charges and minimum billing provisions of the appropriate rate shall apply being such rates as are now or hereafter approved by the Mississippi Public Service Commission for such service.

PAYMENT

Statements covering charges and credits for energy received from the customer and charges for Supplemental Service shall be rendered monthly. The Statement will be accompanied by a check for the amount due if the customer's credit for energy delivered exceeds the Company's charges by more than \$5.00. A monthly credit of \$5.00 or less will be accumulated and paid when the total amount due exceeds \$5.00. Charges to the customer exceeding credits for energy received from the customer are payable within ten (10) days from the due date and if not paid within such period become delinquent and subject to charges as set forth in the Rules and Regulations under which the Company must operate.

TERMS OF CONTRACT

Minimum term of service under this rate shall be for a period of five (5) years and continuing thereafter until terminated by ninety (90) day's written notice by either party to the other.

GENERAL

Service under this rate is subject to Rules and Regulations approved or prescribed by the Mississippi Public Service Commission, particularly those Special Rules and Regulations governing the application of this rate.
