

LOW LOAD FACTOR RIDER SCHEDULE "LLF-10A"

Mississippi Public Service Commission Schedule No. 32

PAGE	EFFECTIVE DATE	DATE OF VERSION SUPERSEDED
1 of 1	December 19, 2001	August 12, 1999

APPLICABILITY

This rider is applicable to: (1) customers receiving service under either the Large General Service (LGS) or Large General Service Electric Heating (LGS-EH) rate schedules; (2) customer's having an average monthly electrical hours use of less than 150 hours; and (3) customer's receiving service on or after the effective date of this rider.

This schedule serves as a rider to rate schedules LGS and LGS-EH, and it shall be applied in all cases to those customers meeting the applicability requirement. All provisions of rate schedules LGS or LGS-EH not modified by this rider shall apply.

Charges under the LGS and LGS-EH rate schedules are modified as hereafter stated.

MONTHLY RATE FOR SECONDARY SERVICE

\$1395.00 base charge; plus
\$ 11.65 per kVA for kVA required; plus
.264 cents per kWh for all kWh.

DETERMINATION OF AVERAGE MONTHLY ELECTRICAL HOURS USE

Customer's average monthly electrical hours use shall be computed by dividing total annual kilowatt hours by the total of twelve months kVA billing requirements. Total annual kilowatt hours and annual demand will be estimated by Company when metered data is not available or applicable.

MINIMUM MONTHLY BILL

In consideration of readiness of Company to furnish service under this rate schedule, no monthly bill will be rendered for less than the base charge; plus the charge for customer's kVA billing requirement based upon the largest of: (a) the customer's maximum kVA requirement established during the current month or (b) the maximum requirement established during preceding months of May through October, inclusive, or (c) the kW contracted for by customer.
