Estimated kWh savings

Project Cost

Note: Incentives are paid at \$0.10 per kWh saved and capped at \$30,000 per customer (per tax ID), per program year.

Steps:

1. Complete agreement information
2. Submit details about the equipment to verify qualifications for rebates. You'll need to submit supporting documentation: energy calculations for each energy efficiency measure, equipment specification sheets, and any additional project specific documentation.
3. A team member will contact you to determine if your custom project qualifies for program incentives.

Terms and Conditions:

1. Commit to the terms of the program outlined in the Program Manual.
2. Submit this "Customer Participation Agreement" and necessary supporting documents for eligible energy efficiency projects to reserve incentives. Provide all project data including plans, calculation forms, project narrative or scope, savings statement and supporting invoices.
3. Contact the program team when projects are complete and allow staff to perform inspections when necessary.
4. Provide access to project facilities and ample lead time both before and after project completion for any inspections that may be required to verify electric demand and energy savings from a specific project.
5. Customer acknowledges that contractors are not an agent, contractor, or subcontractor of Mississippi Power. Mississippi Power does not manage or control the contractor's performance. Mississippi Power shall have no obligation to maintain, remove or perform any work on the implemented measure(s). Mississippi Power shall have no liability for the contractor's failure to perform, failure of the measures to function or for any damage to the customer's premise caused by the contractor.
