DETERMINATION OF CUSTOMER'S KW BILLING REQUIREMENT

Customer's kW billing requirement each month shall be the average kW required from Company during fifteen-minute period of greatest use in month as measured by suitable meter, but not less than the largest of following:

- (1) 10,000 kW.
- (2) Contracted kW requirement.
- (3) Maximum kW requirement established during most recent billing months of July, August, September, and October.
- (4) Ninety percent of maximum kW requirement established during any of remaining eight billing months during most recent 12-month period.

Company reserves the right to revise items (3) and (4) or withdraw item (4) above upon 48 months' written notice to each customer served herewith.

ADJUSTMENT FOR DELIVERY VOLTAGE

When Company renders service at 115 kV or higher, and customer furnishes, operates, and maintains complete step-down transformer substation necessary to receive and use such service, customer's bill will be credited 60 cents per month per kW billing requirement as determined above. In the event Company elects to install low side metering with such equipment necessary to compensate for transformer and customer owned line losses, such discount will be conditioned on the Company being supplied the characteristics of transformers and lines for use in determining such losses.

MINIMUM MONTHLY BILL

In consideration of readiness of Company to furnish service under this schedule, no monthly bill will be rendered for less than the Monthly Fixed Charge; plus the charge for customer's kW billing requirement as determined above; plus any applicable credit from the Adjustment for Delivery Voltage above; plus kWh charge for kWh equal to a 75% load factor for the billing period.

FUEL COST RECOVERY CLAUSE

To total of above charges for electric service under this rate schedule, there shall be added an amount determined in accordance with provisions of Company's Fuel Cost Recovery Clause Schedule on file with and approved by the Mississippi Public Service Commission.

MISCELLANEOUS RATE ADJUSTMENTS

To the total of all of the above charges for electric service under this rate schedule, there shall be added or subtracted any amounts determined in accordance with clauses or plans filed and in effect with the Mississippi Public Service Commission.

TAX CLAUSE

To the total of all of the above charges for electric service under this rate schedule, there shall be added applicable existing Mississippi state and municipal sales taxes, and any new or additional tax or taxes, or changes in rates of existing taxes, imposed after effective date of this rate schedule by any governmental authority upon service rendered by Company hereunder.
