

LARGE GENERAL SERVICE ELECTRIC HEATING SERVICE - HIGH VOLTAGE RATE SCHEDULE "LGS-EH-HV-11"

Mississippi Public Service Commission Schedule No. 6.2		
PAGE 1 of 3	EFFECTIVE DATE June 17, 2021	DATE OF VERSION SUPERSEDED March 19, 2021

APPLICABILITY

This rate schedule applies to electric service used by one customer in a single establishment on one premises when the entire space conditioning, water heating, and industrial process or production heating requirements are supplied electrically through one meter, or by renewable resource energy, and the magnitude of the electric heating requirements equals a minimum of 10% of contracted kVA* or 200 kVA, whichever is less. Service under this rate schedule is limited to applications where type service required is three-phase service rated at greater than 600 volts.

All service under this rate schedule shall be received at one voltage from a single delivery point, shall be measured by one meter, is for exclusive use of customer, and shall not be resold or shared with others. Service under this schedule for requirements in excess of 40,000 kVA shall be at option of Company.

AVAILABILITY AND KIND OF SERVICE

Service under this rate schedule is available on uniform basis throughout service territory of Company. The kind of service under this schedule shall be three phase, unregulated, at standard nominal service voltages available from Company's electrical system serving the area. Service for requirements in excess of 6,000 kVA shall be served from lines rated at less than 115 kV only at option of Company.

MONTHLY RATE FOR SERVICE

DETERMINATION OF CUSTOMER'S MONTHLY KVA BILLING REQUIREMENT

Customer's kVA billing requirement each month shall be average kVA required from Company during fifteen-minute period of greatest use in month, as measured by suitable meter, and rounded to nearest whole kVA. In no case shall such kVA billing requirement be less than 75% of greatest kVA requirement established during preceding months of May through October, inclusive, nor less than 75% of contracted kVA (85% of contracted kW), nor less than five hundred (500) kVA.

ADJUSTMENT FOR DELIVERY VOLTAGE

When Company renders service at a transmission voltage (115 kV or higher) available under this rate schedule, customer's billing will be credited 60 cents per month per kVA billing requirement.

MINIMUM MONTHLY BILL

In consideration of readiness of Company to furnish service under this rate schedule, no monthly bill will be rendered for less than the base charge; plus the charge per kVA billing requirement shown above multiplied by the largest of: (a) The customer's maximum kVA requirement established during the current month or (b) The maximum kVA requirement established during preceding months of May through October, inclusive, or (c) The kVA contracted for by customer (kW contracted for by customer divided by 0.9); plus any applicable credit from the Adjustment For Delivery Voltage above.

FUEL COST RECOVERY CLAUSE

To total of above charges for electric service under this rate schedule, there shall be added an amount determined in accordance with provisions of Company's Fuel Cost Recovery Clause Schedule on file with and approved by the Mississippi Public Service Commission.

MISCELLANEOUS RATE ADJUSTMENTS

To the total of all of the above charges for electric service under this rate schedule, there shall be added or subtracted any amounts determined in accordance with clauses or plans filed and in effect with the Mississippi Public Service Commission.

TAX CLAUSE

To the total of all of the above charges for electric service under this rate schedule, there shall be added applicable existing Mississippi state and municipal sales taxes, and any new or additional tax or taxes, or changes in rates of existing taxes, imposed after effective date of this rate schedule by any governmental authority upon service rendered by Company hereunder.

ORDER OF BILLING

Charges are applied in the sequence they appear in rate schedule: Monthly Rate for Service, Adjustment for Delivery Voltage, Minimum Monthly Bill, Fuel Cost Recovery Clause, Miscellaneous Rate Adjustments, and Tax Clause.

PAYMENT

Bills rendered under this rate schedule are payable on receipt.

DEPOSIT

A cash deposit equal to twice estimated maximum monthly bill may be required of customer before service is connected to guarantee payment of all bills.

TERM OF CONTRACT

Minimum term of service to an establishment under this rate schedule shall be five years, and continuing thereafter until terminated by six months' written notice by either party to other. Provided however, when a customer has been served under the terms of another of the Company's rate schedules and the Company is not required to furnish additional facilities investment to serve that customer under this schedule, the customer may be granted a term of service under this schedule of less than five years, provided that the sum of the time actually served under the prior rate schedule and the term of service of this schedule shall be at least five years; but in no case shall the term of service under this rate schedule be less than one year.

Service under this rate schedule is subject to service rules of Company.
