

Notice of Closure and Declaration of Use Restrictions Mississippi Power Plant Watson

As required by 40 CFR §257.102(i), following closure of a CCR Unit, the owner or operator must record a notation on the deed to the property, or some other instrument that is normally examined during title search. The notation on the deed must in perpetuity notify any potential purchaser of the property that: (i) the land has been used as a CCR Unit; and (ii) its use is restricted under the post-closure care requirements as provided by §257.104(d)(1)(iii). This document serves as the notification that the notation has been recorded.
