New Home Program

Mississippi Power's New Home Program is designed to help offset costs for incremental construction efficiency improvements. Providing this form and signature is your confirmation that the above information is accurate. This program is subject to continual auditing to ensure accuracy and compliance.

Mississippi Power must receive an IRS Form W-9 prior to disbursing any funds for this program. All documentation must be submitted within 120 days after permanent electric service is established at the premise. Program funds will be paid no more than 60 days after rebate submission. This program has limited funding and can end at any time with no prior notice.
